

DAOLama: Empowering NFT and Token Lending on the TON Blockchain

\$LLAMA jetton

DAOLama introduces a decentralized lending protocol on the TON blockchain. \$LLAMA token serves as the cornerstone of this ecosystem, offering a range of utilities and benefits such as service income distribution, integration into the service, discounts, gamified experiences, staking, farming, token lending, and NFT mechanics. This lite paper elucidates how daolama.co fosters a vibrant ecosystem where users can maximize the potential of their digital assets.

Key Features:

- **Service income distribution:** \$LLAMA token holders benefit from service income distribution, earning passive income based on their participation in the ecosystem.
- **Integration into daolama.co ecosystem:** \$LLAMA tokens seamlessly integrate into the daolama.co service, providing users with exclusive discounts and utilities for NFT and token private auctions, rental service, marketplace, and all new products.
- **Discounts for users:** Users enjoy discounts within the DAOLama ecosystem, enhancing their experience and incentivizing participation.
- **The Llama game:** The Llama Game offers a gamified experience with different game modes where users can earn \$LLAMA tokens through various activities and challenges, fostering engagement and community growth.
- **Staking and farming:** \$LLAMA tokens can be staked and farmed, allowing users to earn additional rewards and participate in governance decisions.
- **Jettons lending protocol:** \$LLAMA holders will have privileges using DAOLama jettons lending protocol, which enable users to lend and borrow tokens with customizable terms and options.

- **Buybacks and burn schedule** provides sustainable economy

Supply and tokenomics

	% of total supply	Amount of tokens	Lock-up	Vesting	Release on TGE
Private	11 %	11,000,000	1 month	6 months	0 %
Presale	2 %	2,000,000	0 months	3 months	0 %
Public	3 %	3,000,000	0 months	0 months	100 %
Staking & Farming	30 %	30,000,000	2 months	12 months	0 %
Team	15 %	15,000,000	12 months	12 month	0 %
Liquidity	15 %	15,000,000	0 months	0 months	100 %
Marketing	14 %	14,000,000	0 months	12 months	8.33%
Reserve	10 %	10,000,000	12 months	12 months	0 %
Total supply	100 %	100,000,000			

With its diverse utilities and benefits, powered by the \$LLAMA token, DAOLama empowers users to unlock the full potential of their digital assets and participate in a vibrant ecosystem of value creation and exchange.
